Our Capabilities

Rotogravure Printing Technology – High-resolution, consistent print quality for detailed packaging designs

Advanced Lamination Processes – Superior barrier properties and product protection

In-House Pre-Press & Design Support – At zero additional cost

Inventory Management Services – Streamlined packaging logistics

Technical Consultation & Support – For optimal packaging performance

OUR MISSION

To manufacture reliable, high-quality packaging materials that protect products, enhance shelf appeal, and support the success of our clients across industries.

OUR VISION

To be the most trusted name in flexible packaging solutions in India—recognized for quality, innovation, and long-term partnerships.

Your Packaging Partner

At Bhagwati Poly Pack, you're not just getting packaging. You're gaining a partner committed to your brand's success, reliability, and growth. To be the most trusted name in flexible packaging solutions in India—recognized for quality, innovation, and long-term partnerships

Our modern facility is equipped with high-speed rotogravure printing machines, advanced lamination units, and in-house film manufacturing (LLDPE, LDPE, HMHD) to ensure efficient, high-quality packaging production.

We offer end-to-end solutions including printing, lamination, slitting, and a dedicated pouching unit for various formats like stand-up, zipper, shape, D-cut, side gusset, and four-side seal pouches.

A skilled graphic design team supports custom packaging development, while our in-house quality lab ensures every pouch meets top industry standards.
